User Guide:

- Open Xampp and start the Apache and MySQL modules (See Figure 1)(Note that Mac is slightly different looking)
- Open your browser and type into the the top search bar "localhost/656-master" from there you should see the webpage "Drexel Reviews"
- To navigate the website uses the tabs in the top right to choose a category to see reviews or write a review of your own
- The categories include: Dining Halls, and Residential Halls

(Figure 1)
